cians and hospitals are altering patient treatment plans and delaying surgical procedures because blood is not available."

Locally, Wasatch County residents can make a difference by scheduling an appointment on Friday, July 7, between the hours of 10 a.m. to 3 p.m. You can make an appointment by calling 1-800-434-3251, ext. 1041.

If you make an appointment, make sure you keep it. Approximately 20 percent of Utahns who scheduled appointments in May and June didn't keep their appointments.

"A blood donation appointment is a commitment to give a patient the gift of life," said Julia Wulf, director of Utah operations.

*The Wave* encourages the community to make and keep an appointment to give blood.

## Son's Actions Prompt Apology From Parents

Editor: I would like to make a public apology to those whom my son may have caused damage to by breaking into their homes, cars, businesses, and the LDS Churches. I am not sure where we may have went wrong in teaching him right from wrong. We have always tried to teach our children to do the right things in all of their transactions in life. He is a man now and will be made responsible for his actions. Once again, we are truly sorry.
